To register on our site and for the best user experience, please enable Javascript in your browser using these instructions. Customer Reviews, including Product Star Ratings help customers to learn more about the product and decide whether it is the right product for them. To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzes reviews to verify trustworthiness. Learn more how customers reviews work on Amazon We believe everything in the internet must be free. So this tool was designed for free download documents from the internet. Report DMCA 2nd edition. — Cambridge, 2008. — 82 p.This popular First Certificate course has been updated to prepare students for the new examination syllabus introduced from December 2008. A clear organisation and fresh approach have already made it a popular route to success at FCE in many countries: thirty short units provide thorough training in exam skills, solid language development, and lively class discussion. The course is written by experienced authors who have an in-depth knowledge of the FCE exam, and understand the needs of both students and teachers alike. The Self-study Student's Book contains a self-study section with answers and advice to students studying independent.
